*Range figure based on pre-certification internal testing. Final NEDC certification is pending and the certified range may differ from the figure shown. Actual driving range may vary depending on driving conditions, driving style, vehicle load, environmental conditions and vehicle usage.

SUPER POWERED BY SUPER HYBRID

Everyday Efficiency

Intelligent energy management helps make better use of electric and petrol power.

Confidence to go Further

Responsive performance for daily driving, with the flexibility for longer Australian journeys.

A Choice that fits Your Life

Choose more electric driving with plug-in capability—or hybrid efficiency without plugging in.

SHS-H · Hybrid

Electrified efficiency.
No plugging in.

SHS-P · Plug-in Hybrid

More electric driving. Petrol
when you need it.

Range up to 1200KM[^] | Efficiency as low as 1.3L/100KM^{*} (JAECOO J7 SHS-P)
| 0-100KM/H as quick as 4.9 seconds (OMODA 9 SHS-P)

[^]Combined range is theoretical based on WLTP test results. Actual driving range achieved may vary due to factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition, accessories fitted and battery age/condition. The combined range is an estimate of electric and fuel-powered range combined. These figures are intended as a guide only.
^{*}Figures according to the ADR 81/02 (NEDC) test cycle. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition accessories fitted and battery age/condition, will in practice in the real world lead to figures that generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.
